*Applicants can choose up to 6 time periods and zone combinations. 'First choice spring applicants' represents only the first choice selection of each applicant, this number does not represent every option of all applicants.

^AFirst permits-A first permit is issued by evaluating every option of zones & time periods the applicant would accept in the order in which they made selections.

^BSecond permits-All options of all applicants are evaluated to issue one permit to as many applicants as possible before any second permits are issued. All permits in 2005, including second permits, were issued through one lottery. In 2006, second permits will not be issued through the lottery. Remaining tags will be issued over-the-counter on a first-come, first-served basis.

Spring 2006 Wild Turkey Hunting Zones

The deadline for applications for the spring 2006 wild turkey season is December 10, 2005. Applications cost \$3 and are available at any DNR Service Center, ALIS licensing agent, on the website dnr.wi.gov, or by calling 1-877-945-4236.

Applicants should read and follow instructions printed on the spring turkey permit application (form 2300-118). Applications will be evaluated for all zone and time period possibilities. Applicants should list all options they would accept on the application. Under no circumstances will permits be switched for different time periods or zones. A permit can only be issued if you list that time period or zone on your application. In order to have the greatest chance at receiving a permit, list all six time periods on your application and list several zone choices. Note: zones with a number and letter combination, (for example: 5A) are state park zones. Permits in state park zones are limited and hunting is restricted to only within the park boundary.

If any permits remain after the lottery drawing is complete, remaining permits will be issued on a first-come, first-served basis beginning March 10, 2006. These permits will be made available for purchase over-the-counter until the quota is met. Permits will be issued on a one-per-day limit.
